June 2010

Monthly update

Just a quick update on Texas Trees. Get all the latest tree info at www.ISATexas.com

Support A Texan in the Tour De Trees

Biking 500 miles for trees

You can help Salvador Alemany, the Texas Forest Service regional urban forester in the the Lower Rio Grande Valley to raise money for tree research.

From Salvador: *Humbly I am asking for a donation in my name - each rider has to raise \$3,500.00 which will go to the Tree Fund Endowment for research and education. You can access the [web page here](#), and my picture is second in the list.*

Press the donation button below my picture and a window will open and give you the instructions, you can even leave a message if you want. Thanks!

Nominations for ISAT Board of Directors

Deadline - Friday, July 30, 2010

Nominations are being sought from the ISAT membership to fill six positions on the ISAT Board of Directors. The Election Committee will fill the slate from the nominations. Elections will be held in August and the Board members will be installed at the annual membership meeting held at the Texas Tree Conference on September 23, 2010.

Nominate yourself or others. You can see who is on the Board now and find the nomination application [here](#).

Help solve tree mysteries

Crack the case with Detective Dendro!

Detective Dendro, the Diagnostic Sleuth, has been a highly popular printed series as a regular feature in Arborist News magazine. Now, this educational and entertaining series is available in podcast form.

Join Detective Dendro as he uses his professional knowledge of tree science, his expert diagnostic skills, and the gut instinct of a "hard-boiled detective" to investigate and identify his clients' biotic and abiotic tree disorders.

Assisted by his young apprentice, Codit, and an assortment of recurring characters,

Detective Dendro inspects a wide range of mysterious tree afflictions, dispels the "red herrings," and uncovers the signs and symptoms that bring him to an accurate diagnosis in a variety of interesting and exotic locales.

You can find Detective Dendro, Climbing and Rigging, the Science of Arboriculture and Arbor Views pod casts [here](#).

Texas Tree Conference - Save The Date

September 22-24, 2010

The 31st Texas Tree Conference
"Trees Mean Business"
College Station Hilton
September 22-24, 2010

Learn from national leaders in research, arboriculture, utilities and urban forestry. The theme is "Trees Mean Business" and topics will include information you need to be more successful in your profession.

If you are a vendor or nonprofit interested in exhibiting at the September Texas Tree Conference, contact Larry Maginnis at 512-789-9509 or at larry.maginnis@austin.utexas.edu.

Plant a Tree in the Texas Grove

Plant your tree online

The Texas Grove is a Web site and online community created to engage and encourage citizens to plant trees and protect the urban tree canopy. The Texas Grove is sponsored by the Texas Urban Forestry Council.

Why Join the Grove? Inside The Grove, you have the ability to set up a profile, create photo "groves" of trees you have planted to commemorate special events, and join tree groups that create change in your community. Make sure you join the Texas group once you create your profile.

You can visit the Texas Grove [here](#).
